2022 Visiting Professor Lecture Series

“Physician Sex and Surgical Outcomes - Why would it matter?”

Dr. Christopher Wallis

**Assistant Professor, Division of Urology, University of Toronto
Urologic Oncologist, Division of Urology, Mount Sinai Hospital and University Health
Network**

Date: October 19, 2022 (Wednesday)

Lecture: 7:00 AM – 8:00 AM Cullen Lecture Theatre, SPH Providence Level 1

Zoom Meeting ID: 93921243377, Passcode 243377

<https://ubc.zoom.us/join>

Objectives:

1. Understand the association between physician sex and peri-operative outcomes
2. Consider mechanisms for different outcomes for patients treated by male and female physicians.
